DEDICATION

We dedicate this book to the past, because it has made us what we are today. The past is never appreciated enough, until we are far into the future, then take the time to glance back.

We laugh because we wonder what our children will think of this twenty years from now, but deep inside we cry, because these days are the best. They were once your days, also, and so, through us, we'd like you to relive your high school days at Campbell Memorial. Days of youth, of fun, of games, of pride, and of love.

Having the honor of being the fiftieth graduating class of Memorial, we have felt a special closeness towards the past. . .comparing, reviewing the changes over the span of half of a century. Deep within we have all remained the same, with that one special thing in common, love and pride for Campbell Memorial.

We, the class of 1976, pray that fifty years from now, we will be in good health, and able to see our past be appreciated, just as we appreciate you.

Campbell Memorial High School, named in memory of the veterans of World War I, graduated its first class of twenty-seven students in 1926 under the guidance of Mr. R. A. Clark, the school's first principal. Since that time approximately 8,349 students have been awarded diplomas. The first few years were organizing and building ones and no traditions were set then that **are still kept today.**

In 1928, an addition was made to the school in the form of a football stadium. In 1936, the stadium was expanded under a federal WPA program to provide a seating capacity of 6000, and to this date remains one of the finest football stadiums in the Monong Valley. Football has played a large role in developing traditions and community pride. Over the years local followers of the sport have witnessed everything from undefeated seasons to winless seasons. During the school's "Golden Years" under the leadership of Coaches Barrett and Knapic, the Memorial Red Devils were the scourge of high school football in Eastern Ohio and Western Pennsylvania taking on all who were willing to play them. They always gave a good account of themselves and gained **the respect of all who opposed them.**

With the exception of one year during the Great Depression, Senior classes have published an annual yearbook. In 1932, the Memorial yearbook was given the name "Reveler," a title mistakenly chosen to convey the idea of reveling. Ironically, the word "reveler" actually means 'one who carouses in noisy merriment;' but for traditional purposes the title has remained in use.

Memorial students, especially the males, have always noticed that girls come in all shapes and sizes. Eventually, there was a desire to give recognition to the most attractive and personable females in the various classes. As a result, in 1945, the tradition of selecting a Homecoming Queen during the football season was started. The first young lady to be honored with this title was Miss Eleanor Mravich.

Pride in and dedication towards Memorial High School has constantly been present within the student body. In 1948, an Alma Mater paying tribute to Memorial was finally adopted. A student, Miss Josephine Grohovsky, and a music teacher, Mr. Raymond Spagnola, collaborated in writing the lyrics and music. The song continues in popular usage to this date and is played by the school band and sung by the students at many of the school's major events.

Memorial's student population continually increased, and the need for expansion was recognized. The second addition to the school was the construction of a new Field House in 1965. This structure consists of a modern basketball court with a seating capacity for 1,200 spectators; a spacious cafeteria and kitchen; physical education and locker rooms; and a specially constructed music room. This facility was named in memory of Mr. Nicholas A. D'Amato who served as superintendent of schools from 1960 until the time of his death in 1969.

Since that first graduating class of 1926, a consistently high percentage of Campbell Memorial's graduates have gone on to distinguish themselves, seeking higher education in a wide variety of fields. There is much confidence that in years to come, many more bridges will be successfully crossed by Memorial's students during their journeys to determining their futures and their contributions to society.

STUDENT LIFE

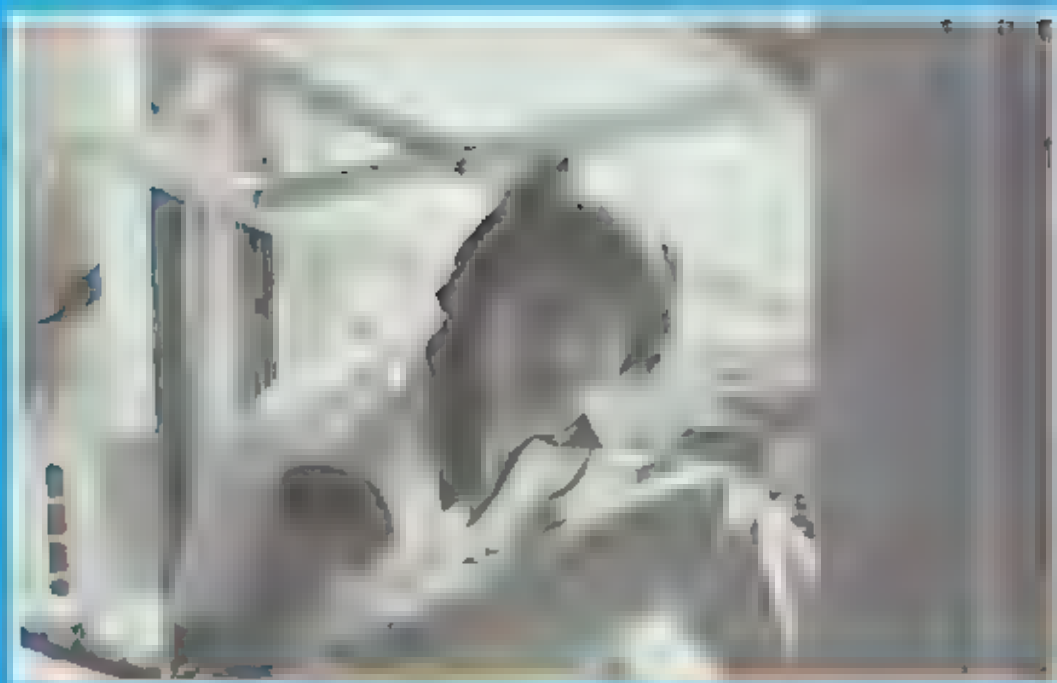

It's possible to catch the true spirit of Memorial students during their moments not occupied by classwork. "Student Life" is a time for the students to relax and be natural--a time for their true characters to develop.

There's Something Special About Being A Student At M.H.S.

Truckin' Through Our School

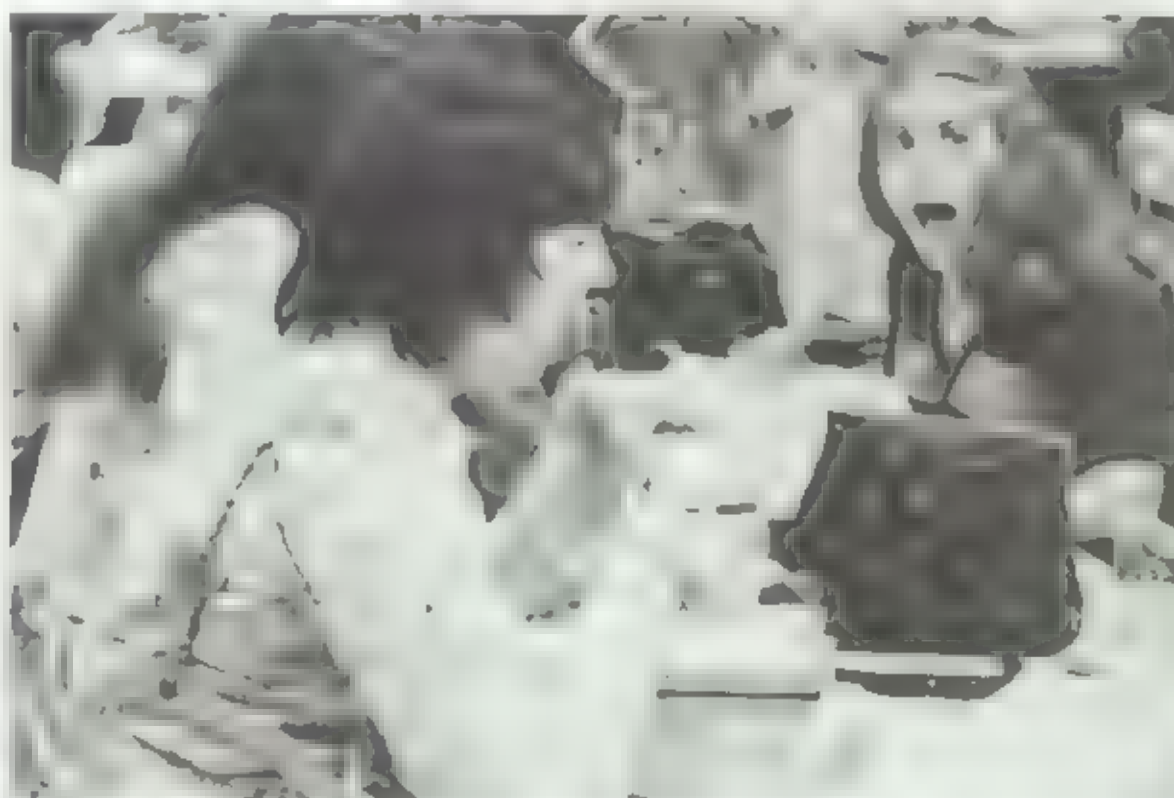

Fifty years of "truckin'" and our alma mater has still managed to keep many things the same. As we walk through the school, we see the faculty busily teaching their day's lessons, and the students, some understand, while others are in a state of total confusion. The students that are bored may sometimes decide to cut class, hoping not to get caught, while the ones that decide to stay in class still sneak in a few whispers here and there. There always will be girls fighting over each others boyfriends, and every class ever known has probably complained about the school's food. Things like that are traditions at Memorial High School, and they always will be. But the best years are yet to come.

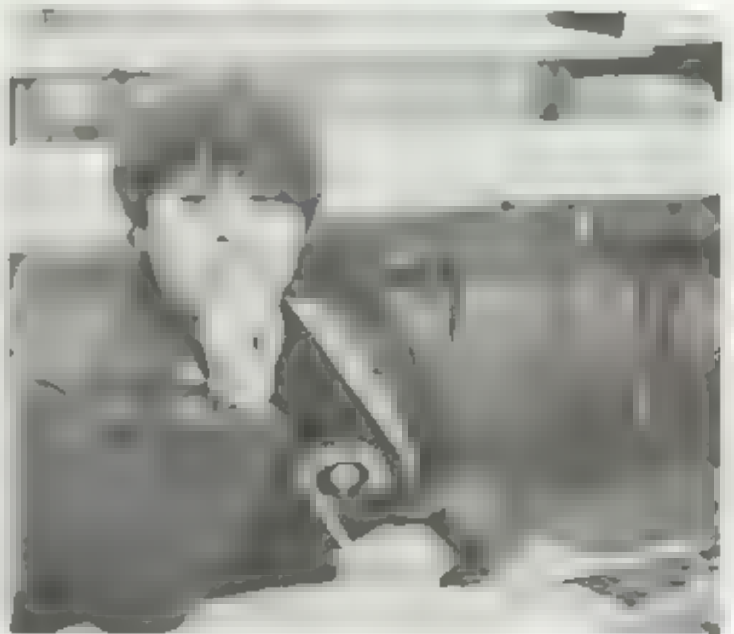

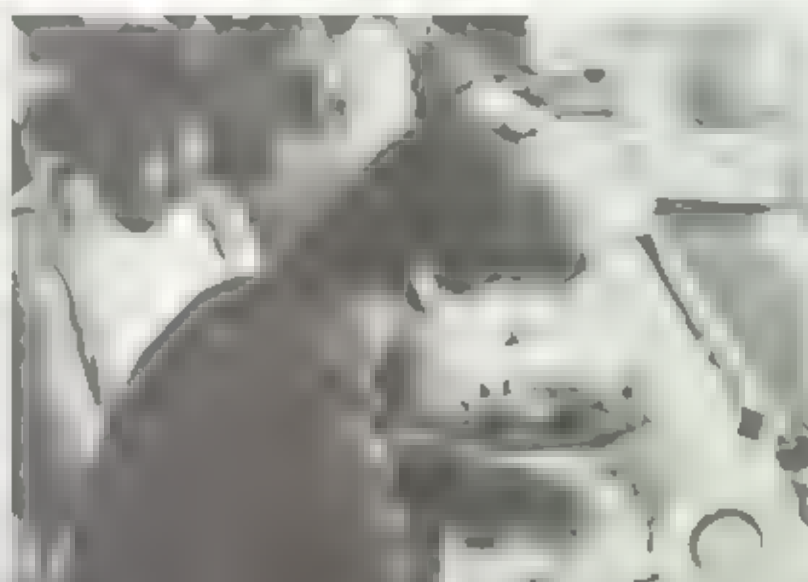

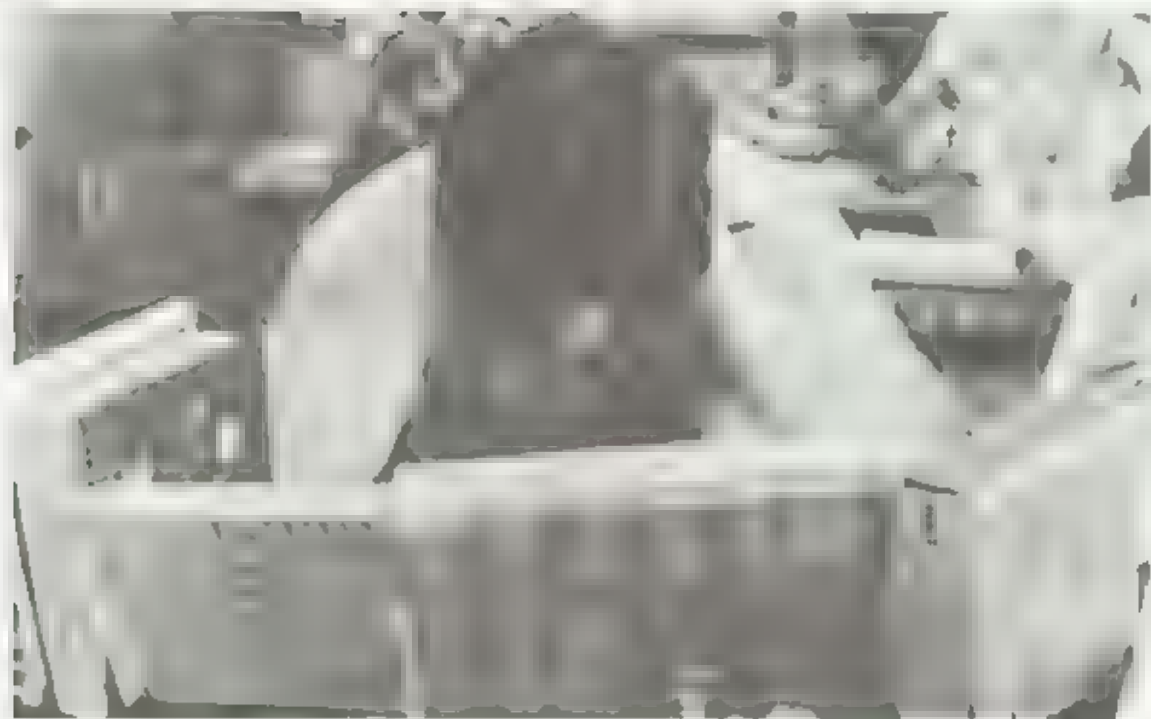

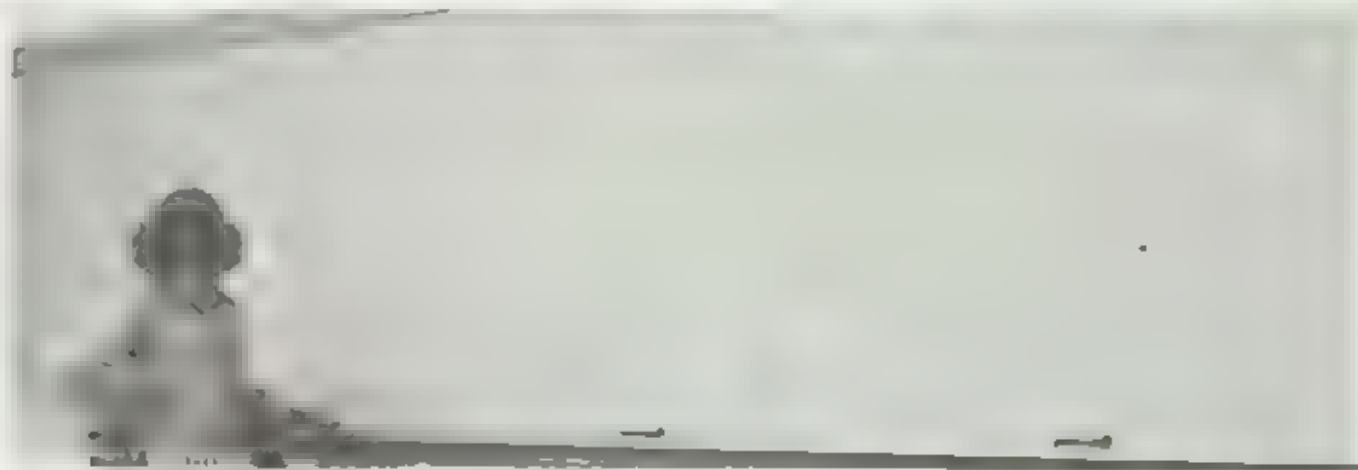

Around The Corner Are The Unknown Days Of Tomorrow

We look into the future and reflect upon the past. With common goals and common desires we laughed, we cried, we played, we studied, we won, and we lost. But more than that, we cared.

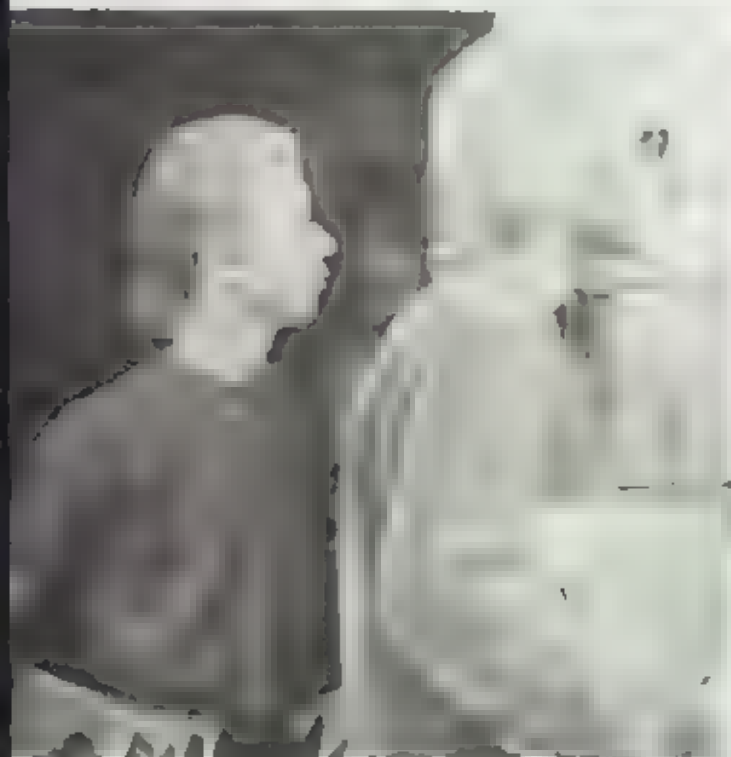

Just Another Day

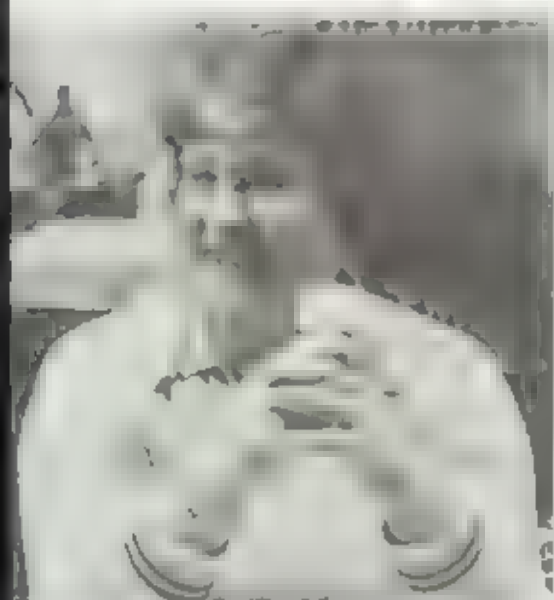

Slamming lockers, over crowded stair cases, quiet classrooms, and a noisy cafeteria... This just about wraps up a normal day at our school. The students take the days as they come, anxiously waiting for the exciting weekends. Whether that long awaited weekend was spent on going to school to catch up on lost time, watching or participating in school sports, or just relaxing, it was done whole heartedly, yet regretfully since the "holiday weekend" would soon end and it would be time to return to the everyday hassels of school life.

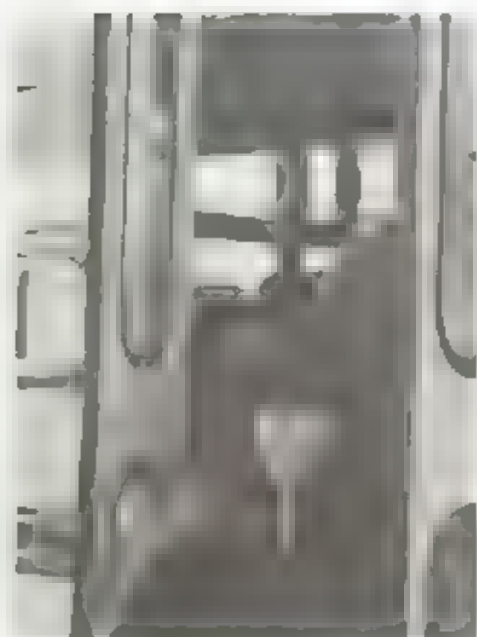

School Touches Our Lives

Student life consists of many moments that are not spent in pursuit of higher learning. Yet without these pleasures, school would be a dry place. The trills of roaming the hall with or without a pass, when our band roams down the field playing our "fight song", and rushing to the library from study hall. There is the laughter at the small jokes in class, embarrassment in class when you get your note read by the teacher. All these add pleasures and excitement to our daily lives.

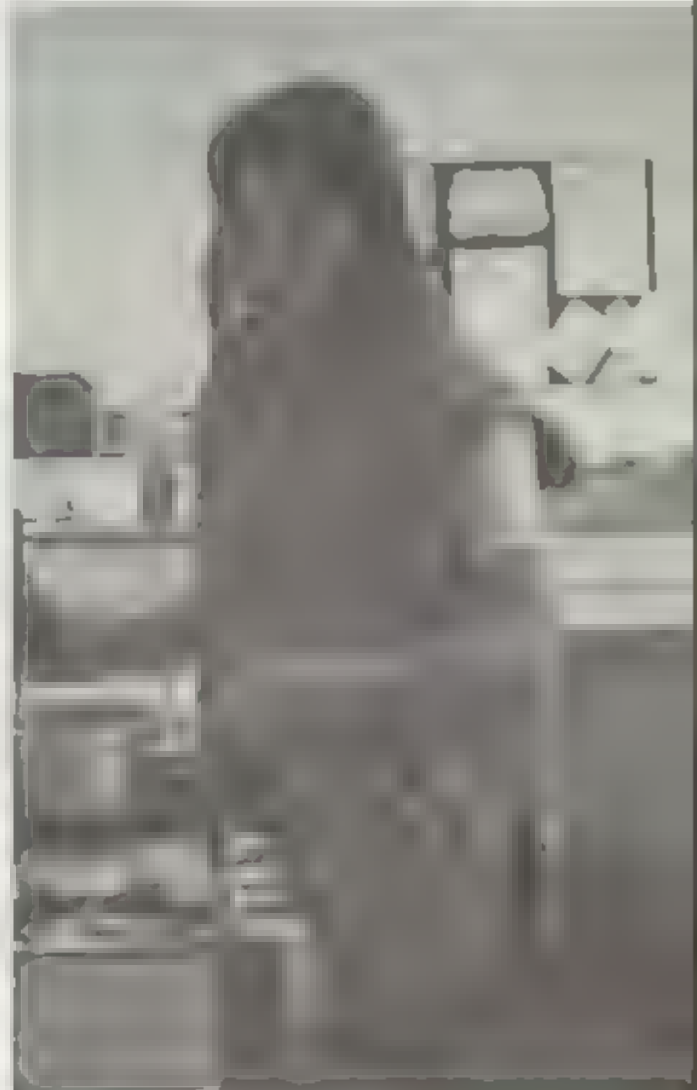

The Senses Of Our School Live On

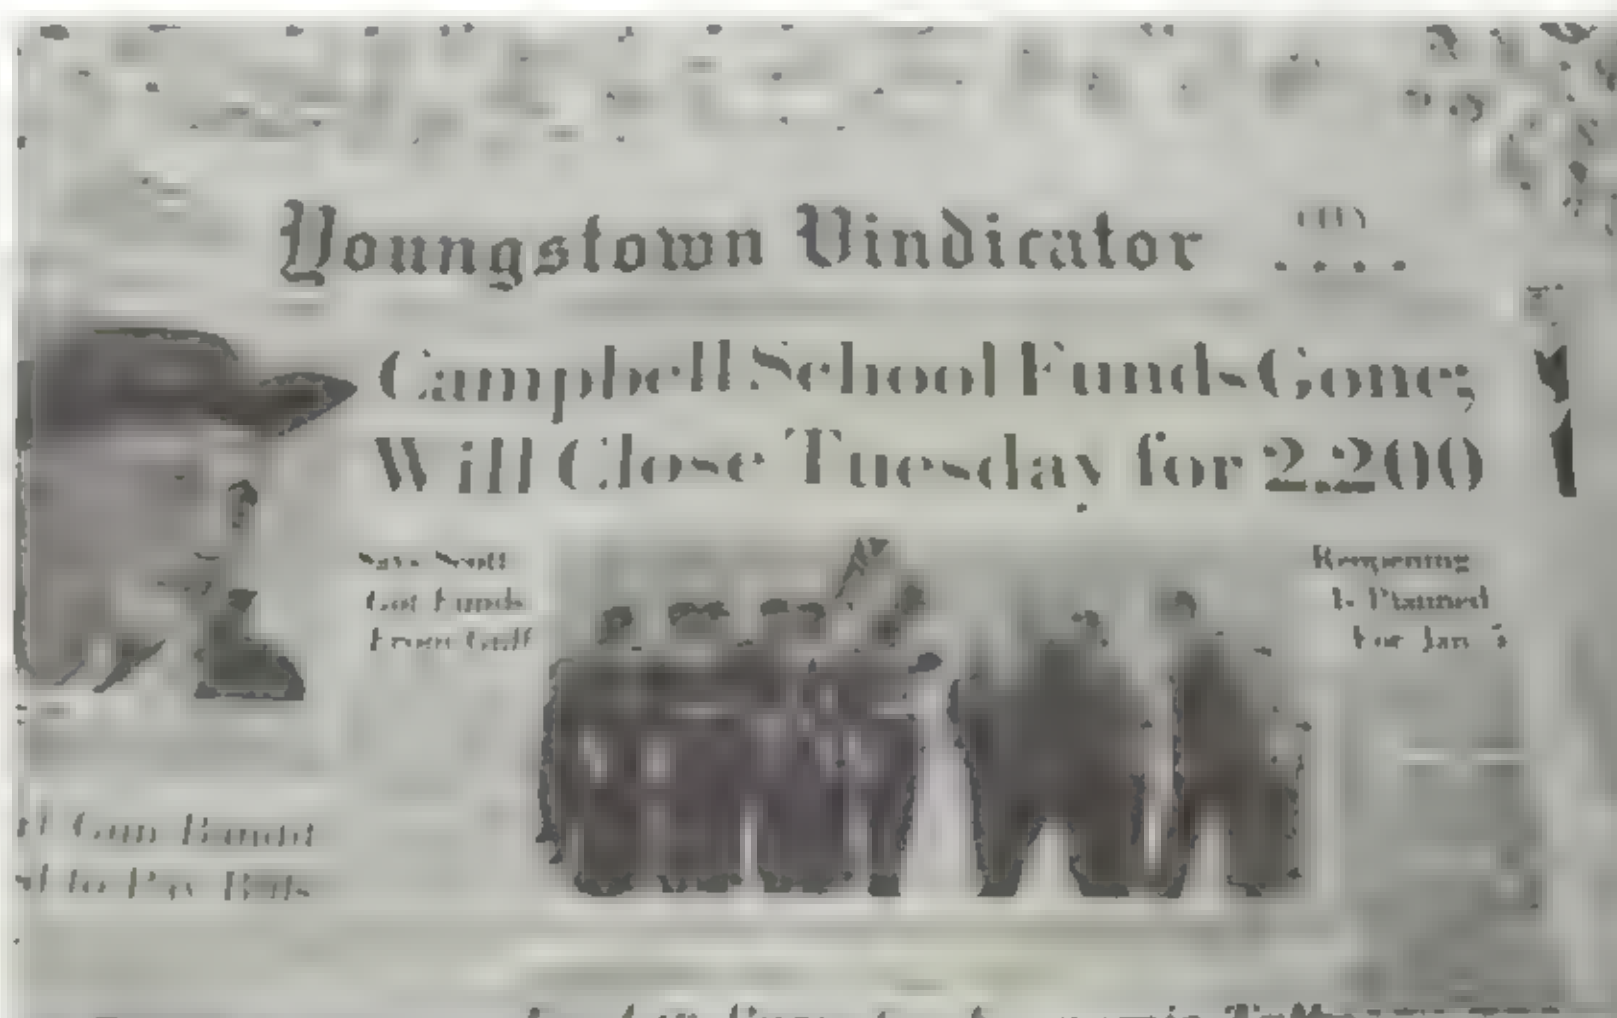

School touches all phases of our lives so much, that every sense is affected by it. There are sights of red and black streamers, crowded halls, friendly faces, and perhaps a view out of study hall windows. The smell of school are of many things, the home-ec classes' cookies, the food in the cafeteria and the chemistry experiments. School has its sounds; bells, morning announcements, lockers slamming, teachers voices, and our Alma Mater. "we'll remember you as the years pass by...", we certainly will not forget our lives as students of M. H. S.

Schools Closed Due To Lack Of Funds

The unwillingness of Campbell voters to approve an emergency 5.9 mill operating levy at the 1975 November general election resulted in the unfortunate closing of the Campbell schools on November 18, 1975. The voters had been warned that if the levy should fail, that schools would have to be closed due to lack of operating funds. They apparently chose not to heed the warnings.

Following the election, the Board of Education brought in the state auditor in order to determine an exact closing date--the exact date when there would simply be no more operating funds.

During the days of the auditor's study, the atmosphere within the school system was one of anxiety and tenseness. Teachers worried about the fu-

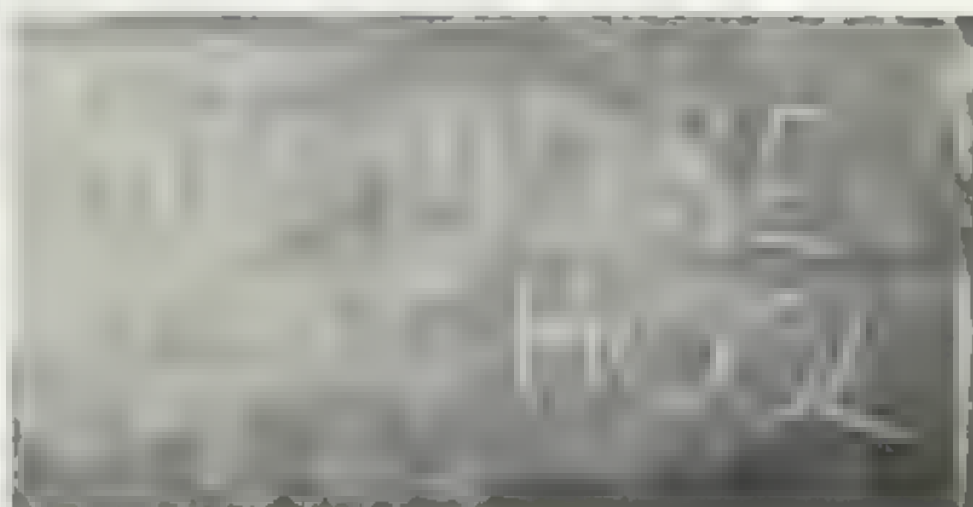

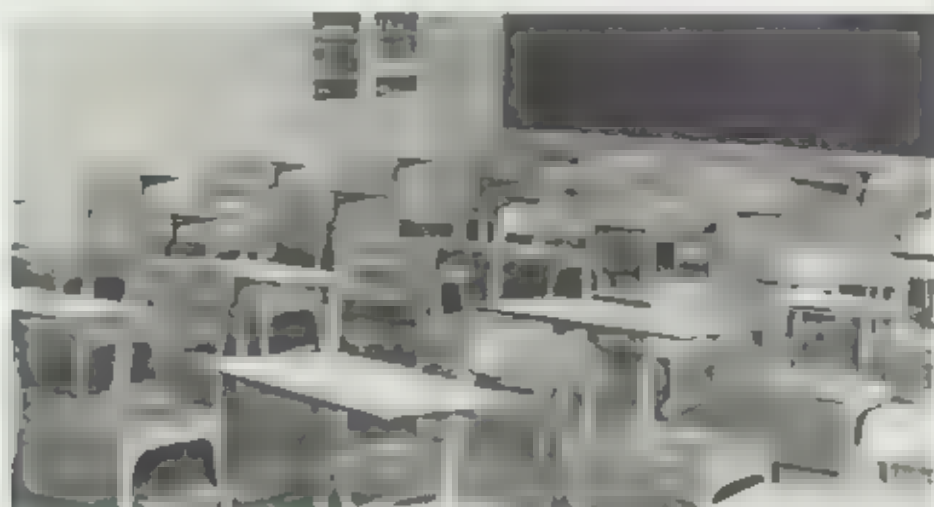

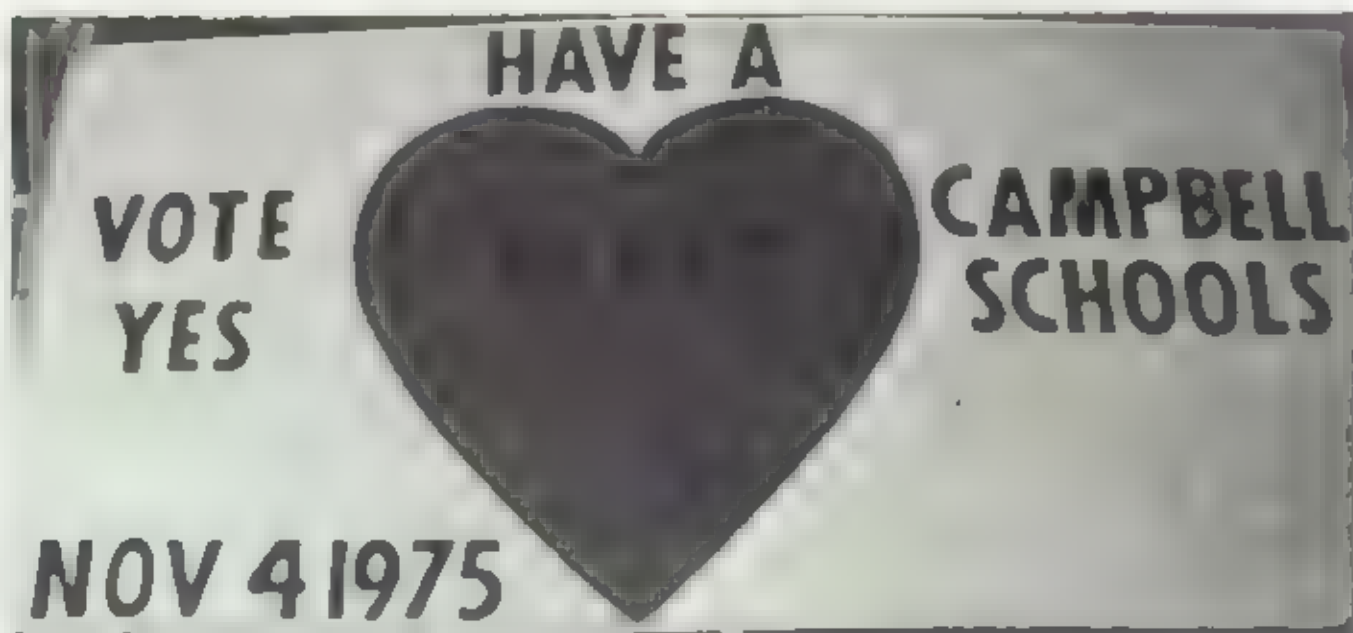

ture of their jobs, seniors were concerned about graduation, and many students wondered about the availability of summer jobs after a late summer dismissal.

Finally the closing date was announced for November 18, 1975. Teachers and students then began to rush to try and cram class assignments and activities into the few remaining class days.

Most of the local television and radio stations gave much coverage to the Campbell school situation, and perhaps the students, being caught up in the excitement of being interviewed on T.V. or radio, didn't quite realize the seriousness of the situation. Surely, some of the Campbell voters didn't either. Many still believed that significant funds would magically appear

from somewhere and "save the day".

But the miracle didn't happen. As the final school day for 1975 approached, the reality began to sink in. On that last day, trains of "Happy Thanksgiving", "Merry Christmas", and "Happy New Year" all rolled into one were heard echoing through the halls of M.H.S. Memorial students' spirits were slightly dampened as they realized the holiday activities that would be absent from their school lives that year. There would be no Thanksgiving or Christmas assemblies, no Christmas trees in the hall and cafeteria, no classroom decorations, no Christmas carols played over the P.A. system, no Christmas decorating by the N.H.S., or no French and Spanish

Christmas carol singing in the language classes. The last day of school for 1975 certainly didn't end on a very happy note.

After a twenty-one day closing period, the schools were able to reopen on January 2, 1976 by borrowing against the 1976 taxes. As students once again filled the M.H.S. hallways, there was much confusion as many had forgotten their locker combinations and schedules. The office was in a hectic and pandemonious state. Generally it took everyone a few days to get reacquainted with everything.

Many students began to wonder how it would feel to be

going to school on Saturdays and holidays in order to make up lost classroom time. Most students, however, didn't seem to mind that much. They were just glad to be back with friends and finish out the school year.

A special election was planned for January 30 1976, to again put the school levy to a vote--this time for 10.8 mills. Fortunately, the levy was victorious with 2374 votes cast in favor of as opposed to 1562 votes cast against. Undoubtedly the shock of the actual closing of the schools persuaded many Campbell voters to cast their votes in favor

of the schools. Had this levy not passed in January, officials predicted another closing in 1976, maybe for 55 days. If the levys were continually defeated and revenue was not increased, perhaps the Campbell school system would have had to consolidate into another system. Indeed that would be a very dark day in Campbell history, for the closing of a school system is certainly a very sad and depressing event. The worst part of it is, the obvious people to suffer are innocent students who don't even have a voice in the matter.

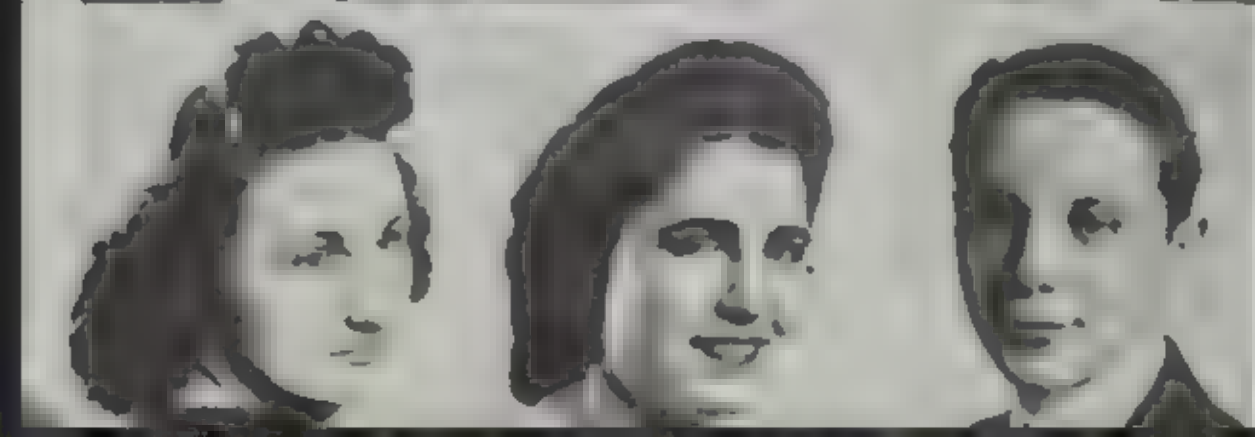

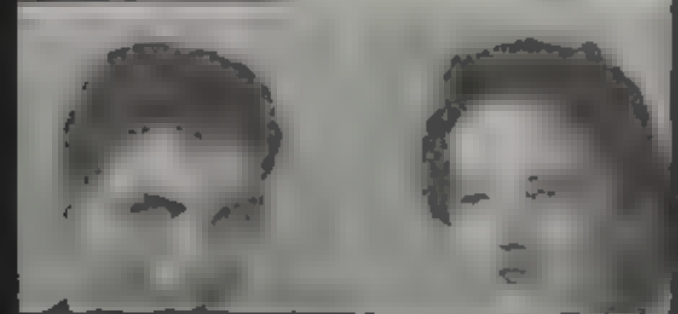

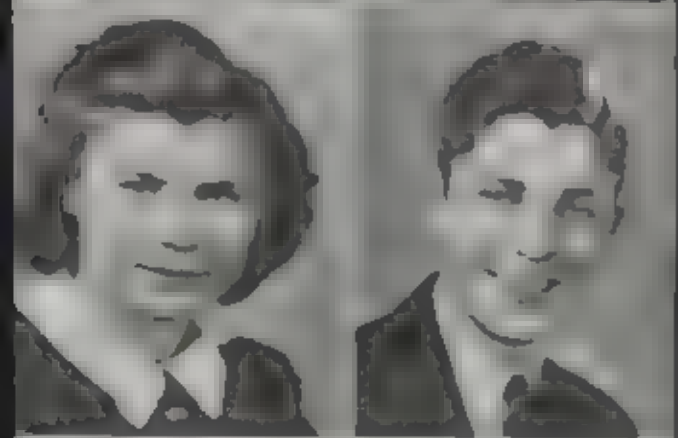

SENIORS

Different faces, new concepts, drastically diverged attitudes, are a few changes that have taken place since 1926.

Over the span of 50 years, from crew cuts and bobby socks, to shags and jeans, we've always had something to look back on and be proud. Each graduating class of Campbell Memorial have past memories that will linger on throughout their lifetime.

The Class of '76 is graduating with double honor. Besides being the fiftieth graduating class of Campbell Memorial, we are also the graduating class of the bicentennial year of our country. .

Our goal is to leave a deep footprint along the path we walk.

Senior Officers Organize Activities

To my Class of 1976,

Graduation from High school is not the culmination of your education. It signifies a time when you should have developed enough physically, mentally, emotionally, and spiritually to be able to live a good life on your own in the world today. Your education continues every day of your life. You will be continually learning something new, be it related to everyday living, academic venture, making decisions, or expressing your feelings.

Thus far in your life, you have been guided by your parents, teachers, and other adults with whom you have come in contact. Now, it is time for you to assume all the duties and responsibilities that are a part of adulthood.

As your sponsor for the past four years, I know that you have received the proper training at home, in your academic studies, and extra-curricular activities to help you on your way. I feel that if you put forth your best efforts, you will always be proud of your accomplishments.

May God grant you wisdom and good health to help you to attain your goals of a happy and successful life now and in the future.

Your class sponsor,

Features We Came To Recognize

Throughout the years, we slowly acquired distinct features and habits that had led to many a tease. Loud laughter, clowningness, popularity, and prettiest eyes, are just a few features highlighted.

Each senior was granted the freedom of voting for one guy and one girl for each category. As all expected, most winners of the categories won by overwhelming votes which proves that each winner was worthy of his victory.

It's the small things that are always noticed, and thus, we give them recognition. We may out grow these features within time, but whenever we look back at the years, we'll remember the way we were.

BEST DRESSED--Anna Angeliadis and Teddy Zoumis.

MOST LIKELY TO SUCCEED--Andre Fesz and Dave Palusak.

HARDEST CLASS WORKERS--Chuck Kelades and Sandi Puskarcik

FRIENDLIEST--George Mastrovaselis and Cindy Vaksta

MOST POPULAR--George Mastrovaselis and Anita Carano

CUTEST--Geri Gresko and George Stankich.

NICEST SMILE--Monica Mraz and Kevin Tarpack.

MOST SCHOOL SPIRIT--Carl Swigerko and Sandy Puskarcik.

MOST ATHLETIC--Larry Thompson and Irene Wallace.

NICEST EYES--Tom Walko and Geri Gresko

MOST TALKATIVE--Airic Balestra and Patyv Danylchak

CUTEST COUPLE--Bobby Dolan and Gina Falasco.

In Time We Found Who Was Who

ROWDIEST--Karen Shields and Pete Dubos.

FUNNIEST LAUGH--John Sharo and Maria Cougras.

BEST DANCERS--Peggy Johnson and Carl Stores.

BIGGEST EATER--Mark Hudak.

CLASS FLIRTS--Jayce Lemmo and Mark Wellington.

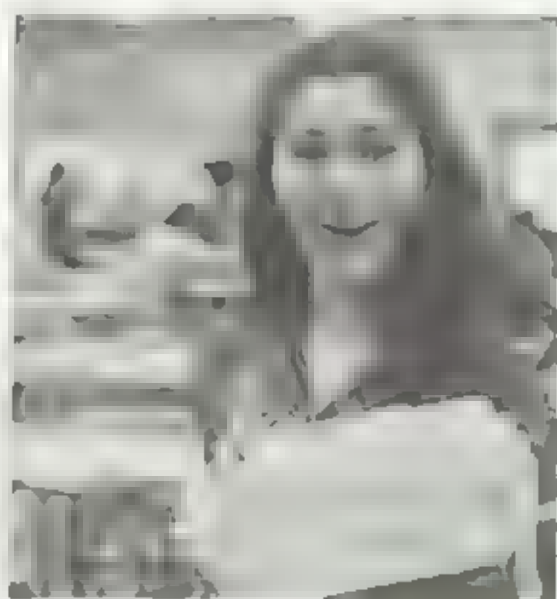

NICEST HAIR--Perry Alexandrides and Dina Novak.

CLASS CLOWN--Chucky Norman and Karen Shields.

Seniors Caught In The Act

The hallways echo loud laughter as the Seniors freely roam the halls without passes . . . with the hope of not getting caught. The true spirit of Senior Pride is usually expressed through acting like you're the biggest, baddest student in the school. There was proof that we were . . . our Senior Lounge, private, and peaceful, allowed us to be together, and plan our crazy schemes. These days we'll never forget . . . for we expressed ourselves with others who stood as our reflection.

Students Train For A Career

One of the more modern buildings in the area, the W.C. Smith Vocational High School, has excellent equipment, qualified teachers, and eager students. It was established to enable students from area high schools to train for a career in such fields as Child Care, Medical Assistant, and Airplane Machinery, to name a few.

Since 1973, Campbell Memorial has been able to offer their Juniors and Seniors this fine opportunity for vocational training, ensuring them a job upon graduation.

Larry, John, and Greg relax between classes.

Anatomy is one course that Renee, Patty, Cindy, Debby, and Mary Ann find interesting.

Jeannie and Barbara are old pros in Business.

Joe and George master complicated machines.

Welding is one of Joe, Efrain, and Dave's favorite subjects.

A car is Aubin and Bill's best friend.

Joe and a computer are a good match.

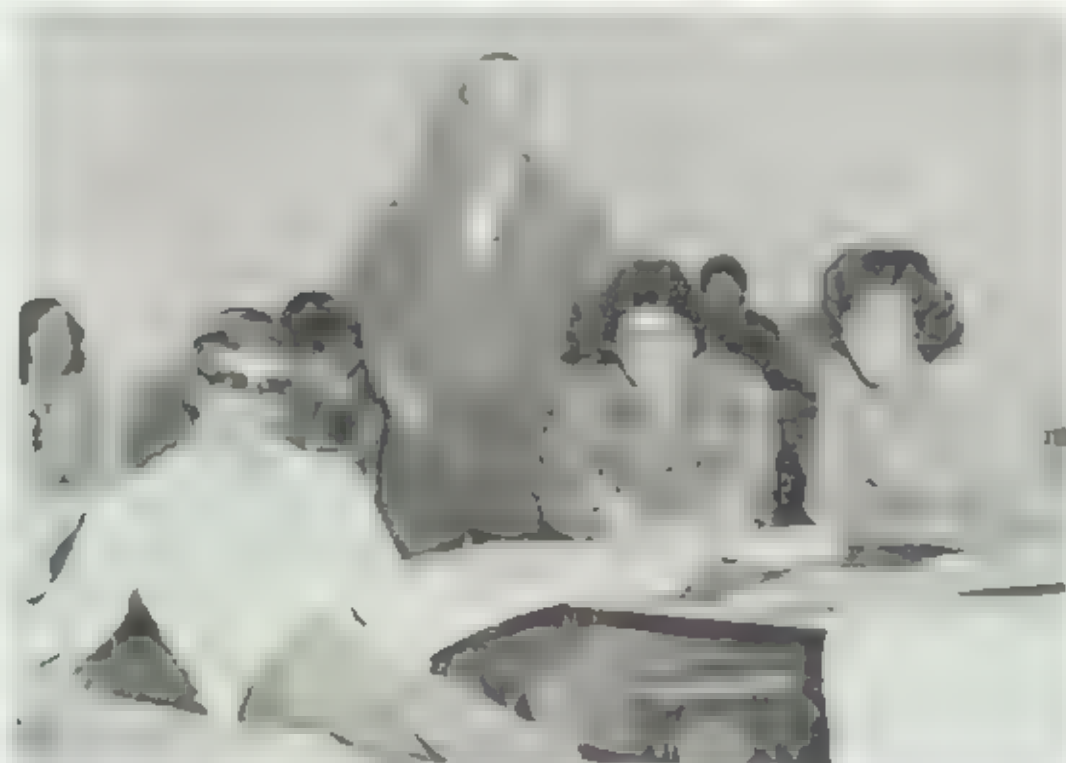

Flowers love Michelle.

Susan is hard at work in Cosmetology.

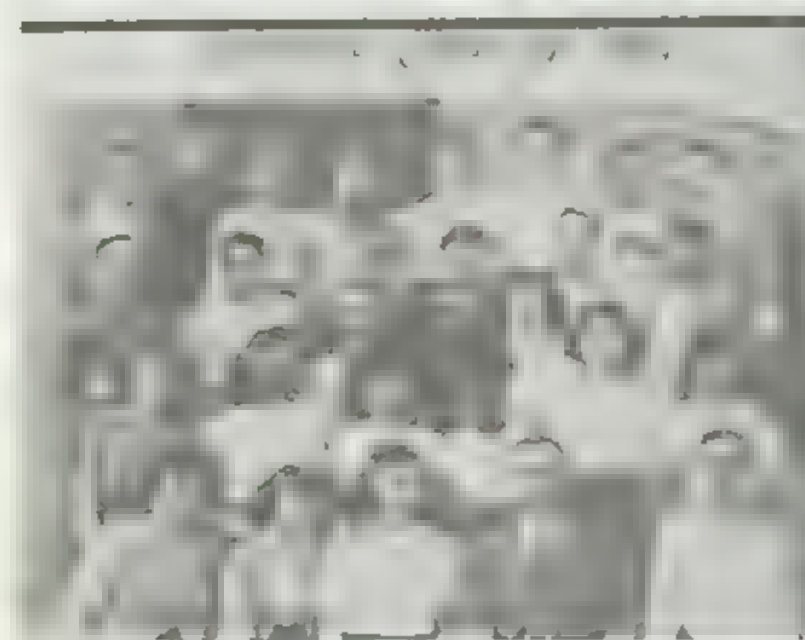

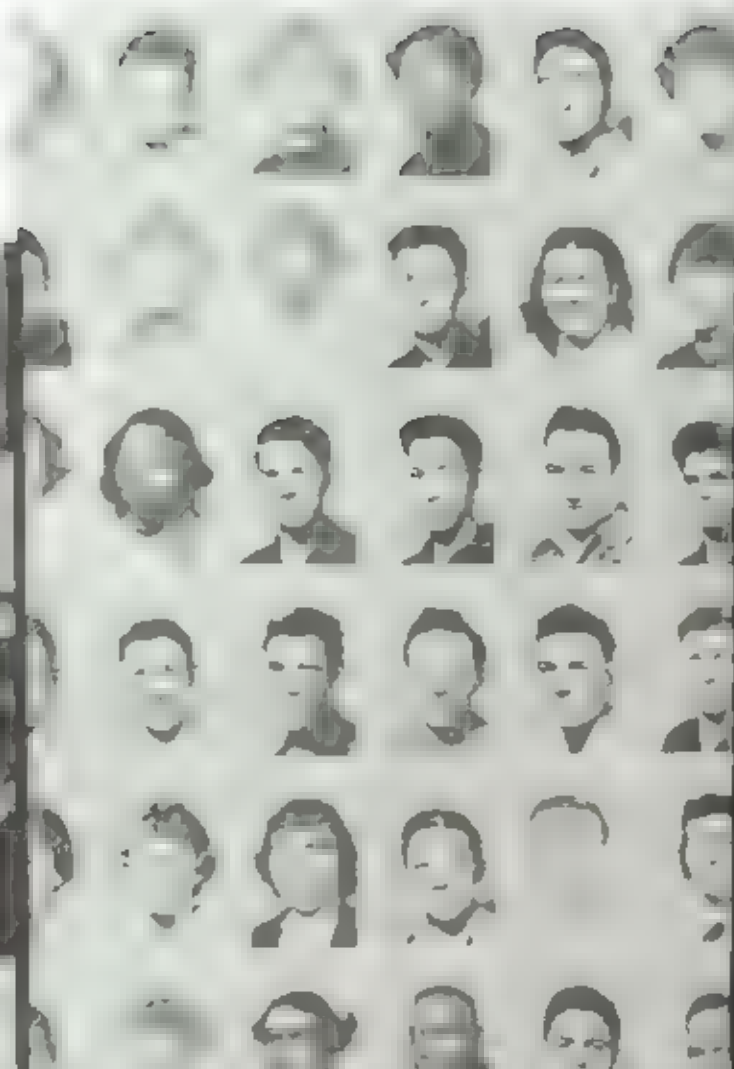

The kids are taken with Denise and Jocie

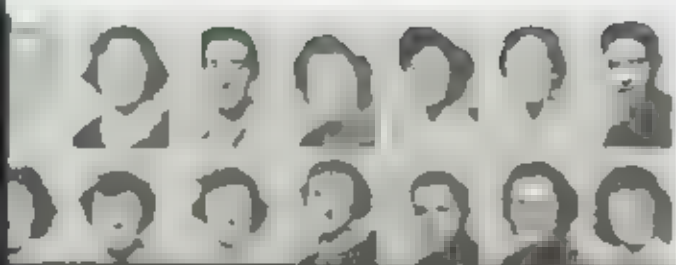

Studying hard are Jerry, John, George, and Roberto.

The members of this year's Junior class, though smaller than average, have made their presence known through their participation in various school activities. The Juniors are responsible for the publishing of the MEMO, which represents the entire student body. They are active participants in Red and Black, the Speech Team, and other school organizations. Their voices are heard in student council meetings, making their classmates' opinions known. Both the boys and girls have made a large contribution to athletics. All in all, the Junior class is one of involvement and outstanding performance.

"Think you're tough, huh?!"

Under the direction and guidance of their sponsor, Miss Fox, and the class officers, the Junior class members have kept themselves busy raising money to finance their various activities. Selling school pennants, sponsoring dances, car washes, and bake sales are just a few of the projects they have undertaken this year. Most of the money that they raise goes to pay for the Prom and helps to see them through their Senior year.

The Sophomores are on the second step of the great ladder towards graduation. This is their second chance to improve themselves in their academic studies. Being in the 10th grade, it is a good time for these young men and women to begin developing preferences as to their careers and to start narrowing down their studies to suit these careers.

Fund Raising Projects Bats 1000!

They are bound together under one name-- Sophomores. Working on such activities as car washes, bake sales, dances, and candy sales. They have raised money to support their upcoming events. They have become close and developed friendships with in the year. In the years to come they will remember the fun they had, and and the good times they spent together.

Hand it to the Sophomores for showing school spirit. Whether it be at the games, working projects or after school activities. They stick together and work as a team. Equal credit is given to their sponsor Miss Marge Polkabila for guiding them to the right paths. In leading these projects are the hard working class officers to whom too, we owe so much.

In September of 1975, Memorial High School welcomed approximately two hundred new students. The freshman class proved to be strong in unison, and their "freshman battle cry" proved it. They had a new school life to adjust to, and they did a fine job. Even if they were looked down upon as being the youngest ones in the school, and even if it took them awhile to get acquainted with the right stairways, they handled their frustrations well and had lots of fun doing it.

A Year Of Questions, New Experiences, And Fun

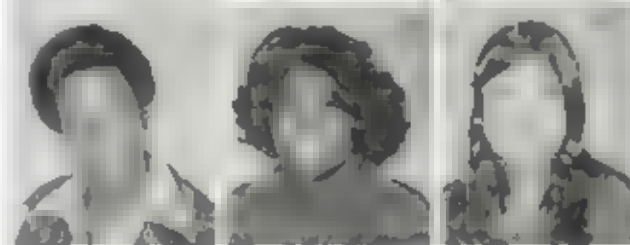

Masses of total confusion, asking all kinds of questions, meeting new friends, and making the best of it all. This is how the Class of '79 made it through their first year. Their faces conveyed feelings of individuality, challenge and hope. They say that the first year of something new is always the roughest. But also to be considered when saying this is that the journey of a lifetime begins with a single step. The Freshman class pushes forward to prepare for the time when the future becomes the past, and they familiarize themselves with the present. Therefore, as the future of MHS, the class of '79 has begun its journey. With uncommon goals and destinations they're on their way, climbing to the top. That's what it's all about.

Choosing a career, and planning for the future is never easy for Sophomores. But Sophomores at Memorial have a wide range of choices. They can follow a course of study here or attend the Mahoning County Joint Vocational School.

Last year forty-six Sophomores chose to attend the Vocational School. They began learning a trade at the school this past September as Juniors. While going to class they've found that they've become close to their classmates and have made many new friends. They enjoy going there and studying subjects they're interested in.

Though they're miles away from our school, they still remain close to us. They attend events here and remain our dear friends.

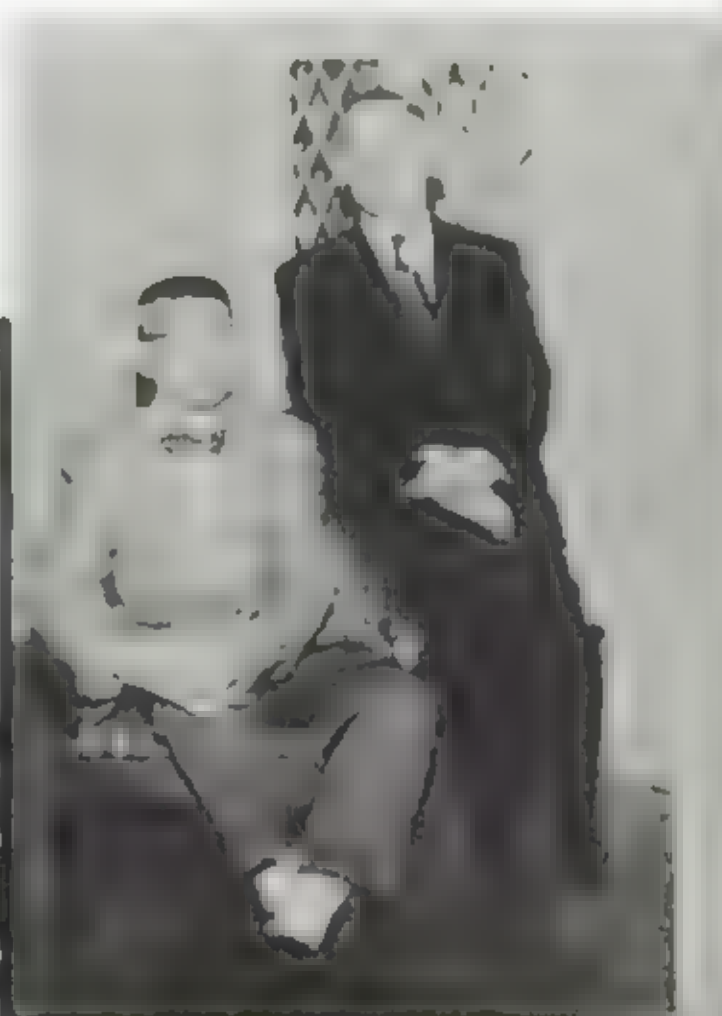

Mark, Dave, and Joe are future artists.

FACULTY

The stepping stone to our fine administration today was our faculty of yesteryear. They have contributed more than our simple words can give credit to. A simple thanks they accept with much gratitude, though they do not realize, in full, what their accomplishments have done for us. If history is to repeat itself, may every faculty Campbell Memorial has, be as great as they were.

Smile . . . You're On Campbell's Candid

We couldn't help laughing when we caught the expressions of our teachers faces as we caught them unexpectedly. We often wondered if they were experiencing the discomfort of indigestion, or experiencing plain boredom. Whatever the situation, we all know that the classroom is not all work, for there is some play.

Administrators Strive To Pass Emergency School Levy.

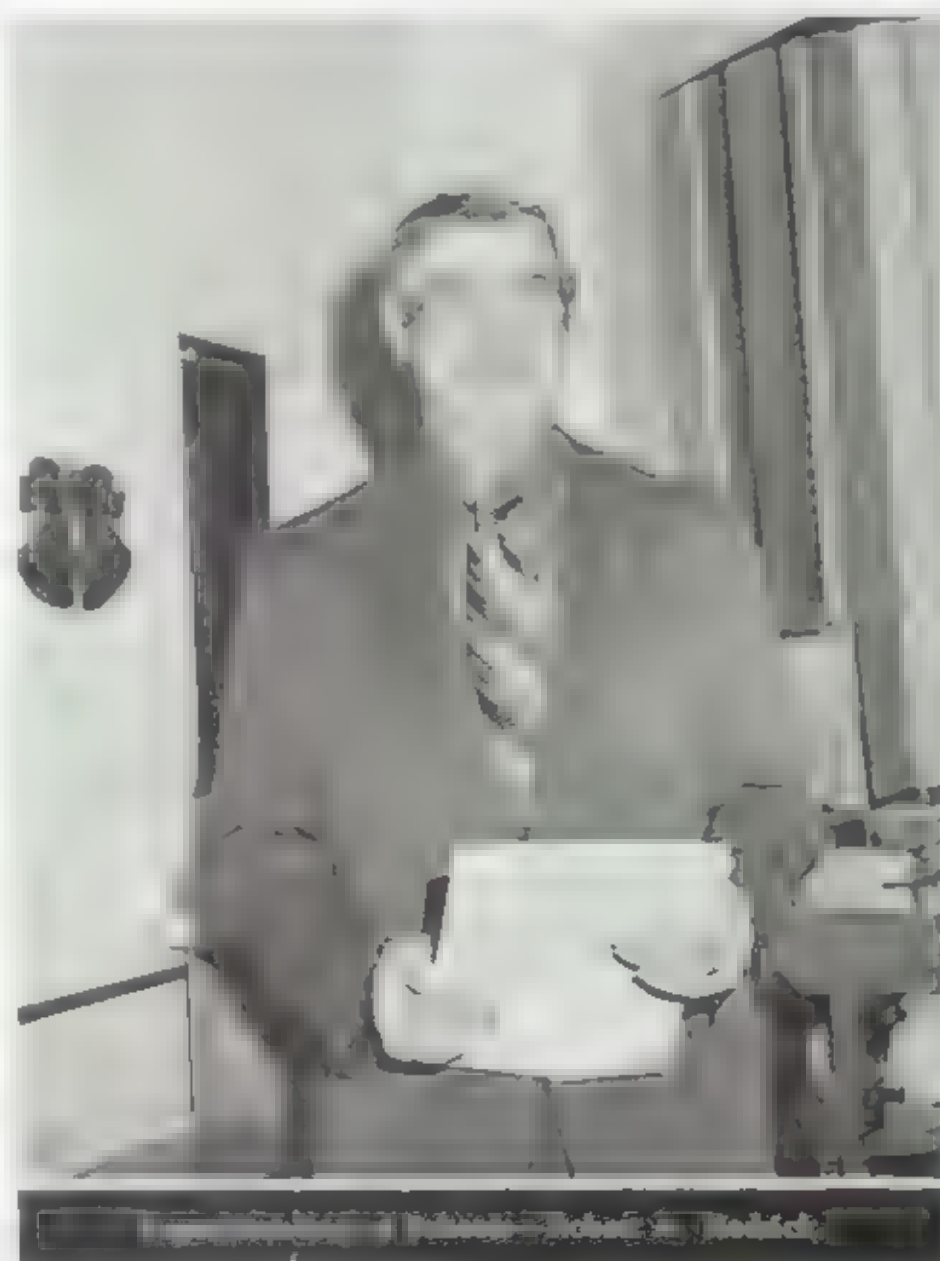

On behalf of the Board of Education I would like to extend congratulations to each of the graduates of the Class of 1976. You have not only reached a milestone in your life but you are privileged to be a member of the 50th Bicentennial Class. I'm sure you will look back with pride in the years ahead that you were a member of this particular class.

By now you have heard all the cliches that are given to high school graduates. They are really all very true if we could look at them in a serious manner. One thing is certain--you have completed your formal public school education. How well you have done so far and will do in the future will depend upon how well you have applied yourself in school. The habits you have developed in your growing years will remain with you throughout your lifetime.

Regardless of what direction your life takes from this point we want you to know that it has been our privilege to have worked with you as you prepared for your life ahead.

To each of you we wish the best of everything.

Robert L. Bedniet

Class of '76"

Students are a little different when they become Seniors.

They walk with a little quickness.

They are quick to reminisce.

Their attitudes are more mature

They talk about the best class-their class.

Visits to the counselors indicate they are really concerned about the scene after graduation.

It has been a pleasure and a rewarding experience to me personally and professionally having had the opportunity of sharing your success, trials, and tribulations. May I wish you all tons of success and happiness. May God Bless and look after you.

John R. Hearn

This class is to be commended on its dedication to the work at hand, to self discipline, and to both academic and extra curricular achievements. If educational excellence means anything, we shall be hearing about your continued achievements in the future. You have earned the respect of all who know you.

Use your knowledge wisely.

Anthony Naldi

They're The Reason For Our Success

CEA, NEOTA, OEA, and NEA might seem like letters of the alphabet to us, but they are the backbone and professional support of our teachers.

North Central Association evaluation has played a major role in our school this year. The teachers prepare quite a while for this evaluation which takes place once every ten years.

Our educational system is somewhat like a tree. The roots represent the foundation, or the principals of education. FEATURES

The center of school social activities anxiously awaited by all of the students are contained in the Features section. The special events covered in the following pages are the highlights of the academic year. They are the memorable occasions when students can forget about the schoolastic grind for awhile and fade into the mystical atmosphere of magical times.

The Evening Was Enchanting

Prom King Jeff Bailey

Prom Queen Karen Cramer

A tempting feast was prepared ... and consumed.

Miss Martinez, the Junior class sponsor, who helped make the Prom possible.

Court members look on as Junior class President Michael and Vice President Saul crown Karen and Jeff.

Junior class officers present Miss Martinec with her gift, which she tearfully accepts.

May 9, 1975 became a night of Cinderella-type excitement as Juniors and Seniors arrived at the "ball". The hours of preparation were about to make a dramatic premiere.

Amidst a springtime setting following the theme "Pieces of April", Brentford House in Hubbard offered a complete buffet fit for a king.

An atmosphere of togetherness prevailed throughout the dancing to soft music provided by the Executive Collection.

The evening was still young as the clocks struck midnight and Holiday Bowl in Struthers became the scene of the after-prom.

Another Memory To Cherish

The 1975 Prom Court: ROW 1--Queen Karen and King Jeff. ROW 2--(L-R)--Diane Leone, Sandy Noren, Delores McDavid, Amy Annis, Steven, Rick Zark, Steve Morales, Dave Hudak and Tony Scarlo.

Junior class President Mike Rogers and Vice-President Sandi Puskarcik crowned our lovely and talented Karen Cramer as queen and versatile Jeff Bailey as king.

In a garden setting with trees, grass, flower cart, and bridge, members of the court gathered. The royalty for the evening included Diane Leone, Sandy Noren, Delores McDavid, Mary Ann Mistovich, Rick Zuzik, Steve Morales, Dave Hudak and Tony Scarfo.

Campbell Memorial's annual formal has always been the Prom, but because this was ours, it was a special time for for each of us.

Rain Conquers Traditional Ceremony

On October 17, 1975, the most exciting autumn social event had finally arrived. The suspense of waiting, the anticipation, and the nervous qualms were to have their climax before the Memorial-Struthers tilt.

The Juniors had worked and planned feverishly, every last detail was taken care of, and then--the rains came--a steady downpour certain to dampen spirits and doom Homecoming. The traditional parade was canceled and the traditional crowning was postponed until the Homecoming dance. At last, amidst raindrops and joyous teardrops the 1975 Homecoming Queen was crowned.

All ceremony completed and congratulations duly given to the happy queen and her court, the students relaxed to enjoy the music of Reasons and to dance until midnight.

(L-R) -- Principal John R. Hess, Queen Cindy, Senior Class Sponsor Miss Martinec, Athletic Director John Costantino.

(L-R) Junior Escorts--Mark Tirpack, John Straub, Manuel Ginnis, Tony Ifft, Matt Carlozzi, Rob Chiclowe.

Senior Festivities Begin

Senior festivities officially began with the annual Senior Spaghetti Dinner, held January 29, 1976, in the school cafeteria. The evening began with the traditional delicious dinner of spaghetti and all the trimmings. The seniors attending were served by junior girls who volunteered to help make the dinner memorable.

The Senior Dinner seemed to many seniors the beginning of the end, it was the first of many senior exclusive activities.

"That's Italian!"

Senior girls looking foxy.

Getting together for an evening.

Everybody smile!

Just one more picture, then you can eat.

Senior guys devour their spaghetti.

Vocational School students reunite at dinner.

The odds were in Rudy's favor.

Eat hearty!

Superintendent Robert Hedrick, Principal John Hess, and Mrs. Hess attended.

Administrators and faculty members enjoy the spaghetti dinner.

Sweetheart Queen Is Crowned

On Friday, February 13, everyone joined together for an evening of excitement.

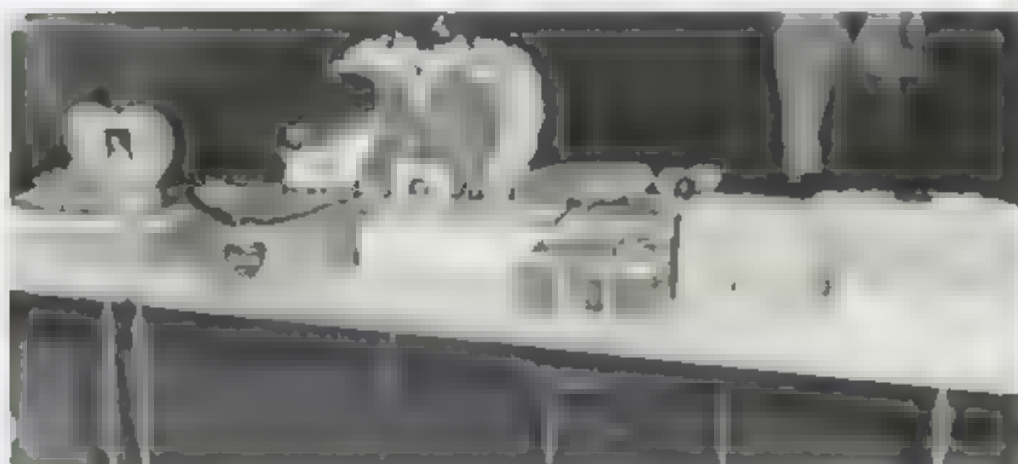

The candidates for Campbell Memorial's Sweethearts arrived in anticipation of that final moment when a queen would be crowned. On the arms of their escorts or surrounded by anxious friends, they posed for photographs depicting the beauty for which they were being honored.

The climax of the evening arrived when our surprised and sparkling Sweetheart Queen, "Butchie" Sferra was crowned.

Following the happy coronation, the evening progressed as everyone danced to the music of Cannabis.

Leap Year Celebrated At C.M.H.S.

Leap Year was celebrated for the first time in our school's history on February 28, 1976, with a dance sponsored by the Reveler Staff. The Staff thought it would be interesting and fun to follow the Leap Year tradition, so...they decided on having the girls ask the guys to this occasion. Tension mounted weeks before the dance as each girl nervously asked that "special" guy to be her date for that evening, and then anxiously awaited his answer.

Of course, no date was necessary to enter into the dance, which was held in the school's cafeteria. Entertainment for the evening was provided by "Reasons". As the evening progressed, everyone seemed to be having a great time.

Leap Year Court--L TO R--Chris Wallace and Eugene Canton, Barbara Scanlon and

Dave Korchnak, Missy Mraz and Mike Duda, Anna Angeliadis and Chuck Kelades.

Student Body Chooses Court

The entire student body participated in the Leap Year celebration by choosing five girls and five guys to represent each class. Each member of the court was presented a corsage or a boutonniere upon arriving.

ACTIVITIES

Extra-curricular activities have played an important roll at Campbell Memorial since it's existence. Organizing clubs, choosing officers, and listening to the advice of sponsors is what it's all about.

Outside activities may pull you away from academic studies for just a while, but actually, you continue learning whether it be about people or the world.

Majorettes Dazzle Devil Fans

Radiant beauty describes our majorettes so well. Their pep and smiles led by Judy, Peggy, and Janyce, dazzled the devil fans.

Their sequined uniforms glistened the evening as they danced to the beat of our rhythmic band.

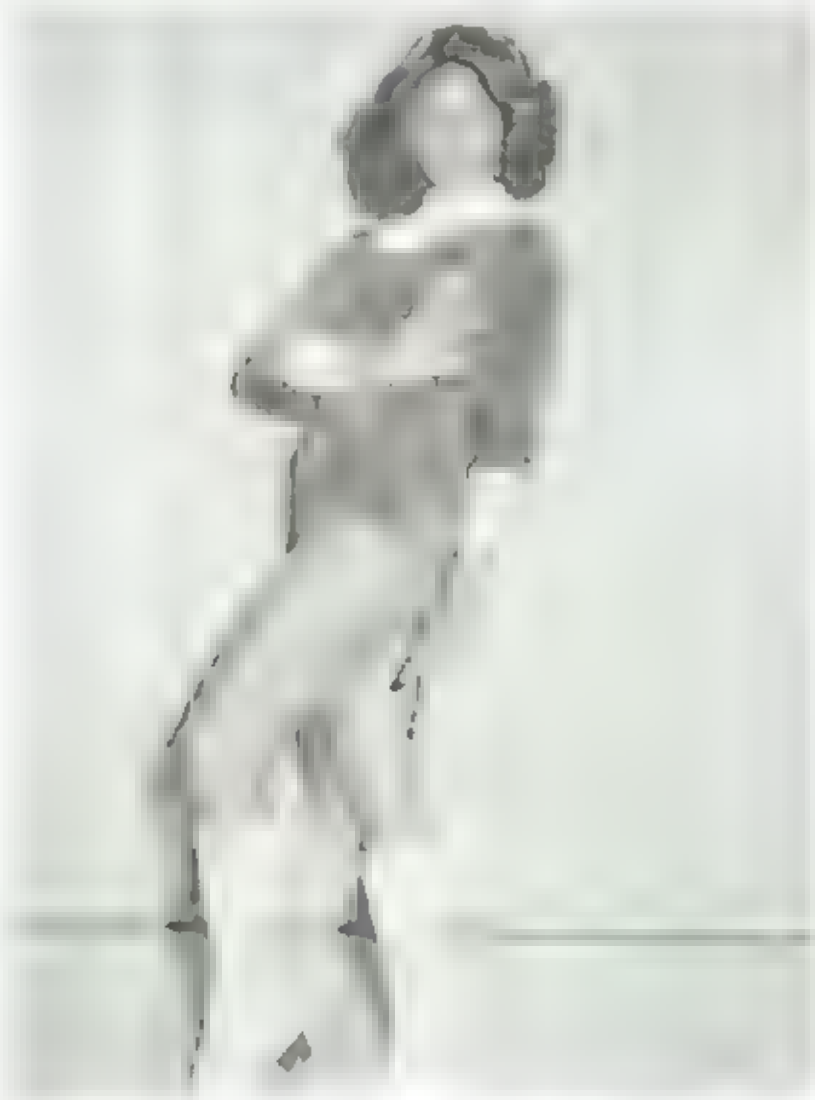

Practicing to be perfect, often kept the majorettes working for hours throughout the school year. Their unity and gleam has made every Campbell fan proud.

Band Sparkles At Halftime

Many long hard practices mixed with good times has helped make this years edition of the Swingsters one of the most successful bands in Campbell's history.

Their halftime performances have always entertained both the young and old.

This past summer, the marching band and majorettes again attended a band camp at Thiel College in order to improve their performances.

The Reveler Staff "Did It"

After long hours of hard work, and much fun, the Reveler Staff finally accomplished their goal ... putting out a yearbook that everyone could enjoy.

Days that were "free" to other students, were work days for the staff. Luckily, we were a united and dedicated group with much to accomplish.

A workshop at Canfield for the staff, a trip to Kent State for our editors, and the guidance of our advisor and representative have made this all possible.

Throughout the yearbook, we hope we have captured moments that represent a chapter of your life story.

SIMPSON MEMORIAL'S FIRST FOOTBALL TEAM

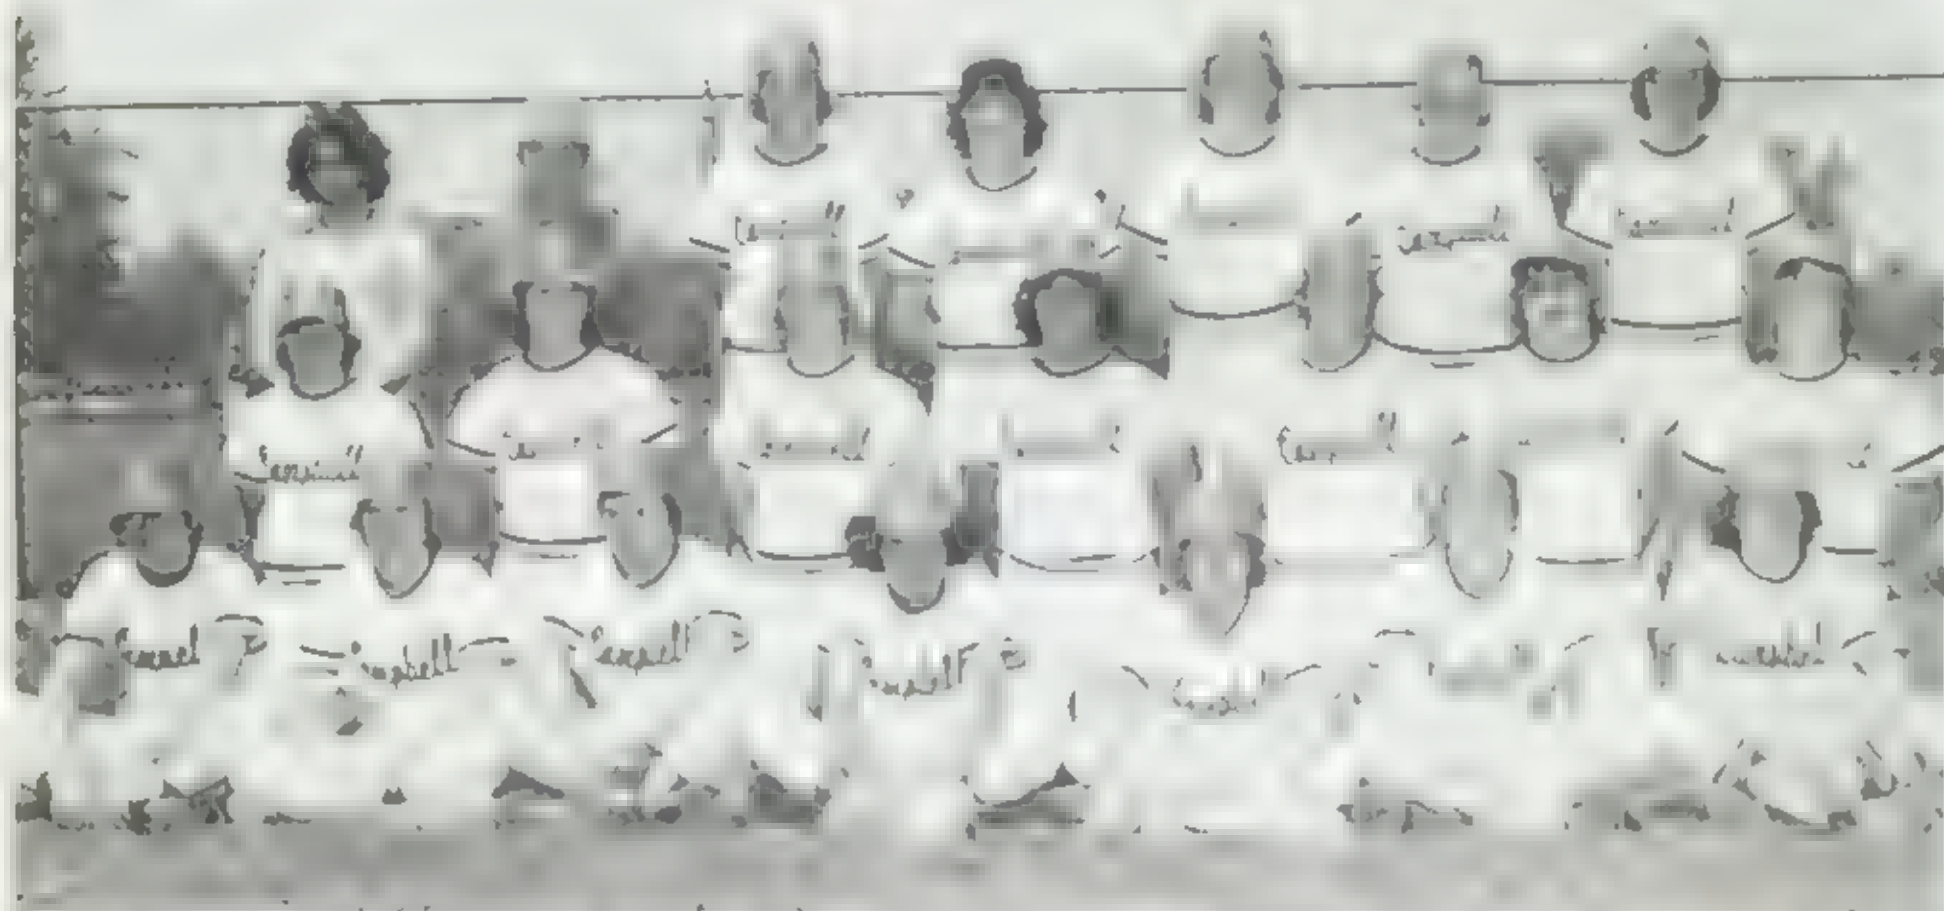

SPORTS

Sports is an important part of the American life style. Whether it is for relaxation or an occupation, the playing of the game is the most important aspect. Throughout the year, televisions are tuned to sports stations, radios are tuned into the 'big games', and people are standing by for the game results. Whether it is a spectator sport--such as football, baseball, and basketball, or a participation sport, such as cross-country, tennis, and golf, each has its own importance.

The Seniors of the 1975 baseball team will always be remembered for their great contributions to the team. Their coaches remember them as having excellent attitudes, a willingness to work, and as being receptive to coaching. Who will ever forget the all-around ability of Fred Dell'Arco; the determination of Tom Martinko; the defensive prowess of Jody Lahovich behind the plate; the super games Fred Ramos had before injury stopped him; the pride and competition of Rick Figueroa and Will Rivera; the many key hits and valuable contributions of Ricky Zuzik; and our most consistent hitter, shortstop Dave Konik.

B. Volosin, T. Teague, L. Ortenzio, S. Belli, C. Svagerko, S. Bosak.

This fall marked the beginning of "a" Cross Country team in Campbell, coached by Mr. Joe DeRosa. Usually we find new activities get off to a slow start, but tend to improve as they advance. Our boys began their training in June for the first time and were off and running with a bang in September. Considering the little time for training, Senior Carl Svagerko and Sophomore Tony Teague have led the team to conclude the season proudly. All men contributed to the team's success. Seniors Steve Belli, Lance Ortenzio and Freshman Brian Danilov ran a close tie. The boy's drive and determination, daily mile runs in summer heat, and hours of practice attributed to their success. Cross-Country is an individual sport; however it cannot be won without team effort.

Different Strokes For Different Folks

The golf team, although winless, can be very proud of their terrific team effort. Golf is an individual sport which depends upon each player's precision, agility, and patience. Senior Kevin Tirpack, a four year veteran, has displayed these qualities with an average of 42, to lead the team. Following were three lettermen, John Shabella, Mark Tirpack, and Steve Burich.

Handicapped by injury and size, the Red Devil Football team had its work cut out for it. They found they'd have to fight extra hard. A prime example of that fighting Campbell spirit is the All-Steel Valley selection Senior linebacker, Larry 'Cutty' Thompson. Chosen for second team were Senior running-back Leland Johnson and Junior quarterback Lou Lanzo, who ranked third in the SVC with 56 completions in 130 attempts for 510 yards and 3 touchdowns. Not to be overlooked are the outstanding contributions of seniors Clint Watterman and Paul LaRosa as well as juniors Mike Duda and Perry Harrison.

SENIOR--Larry Thompson

Football—Get Down Tonight

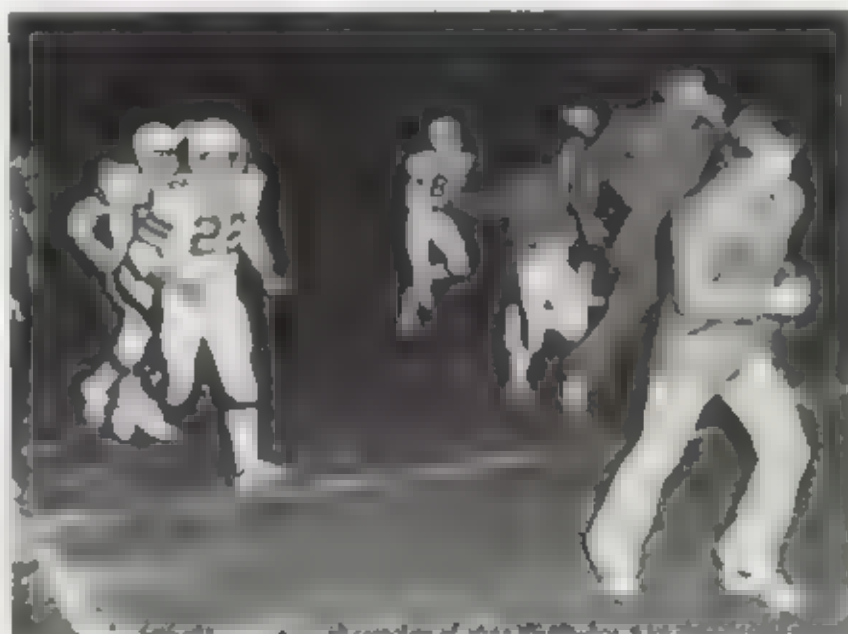

The coaches provided the boys with the best training possible. Our new head coach this year, Mr. Al Gerlick, a CMHS football veteran and All-Steel Valley selection himself, demanded much of the boys, but only because he knew how tough the season would be. Assisting him were five MHS alumni: John Mazias, Ed Rozum, Joe Vaschak, Dave Horvath, and Dom Daltorio. They led the boys through the practices in the blazing summer heat, the pre-season scrimmages, and the sacrifices made for the game.

We Tried To

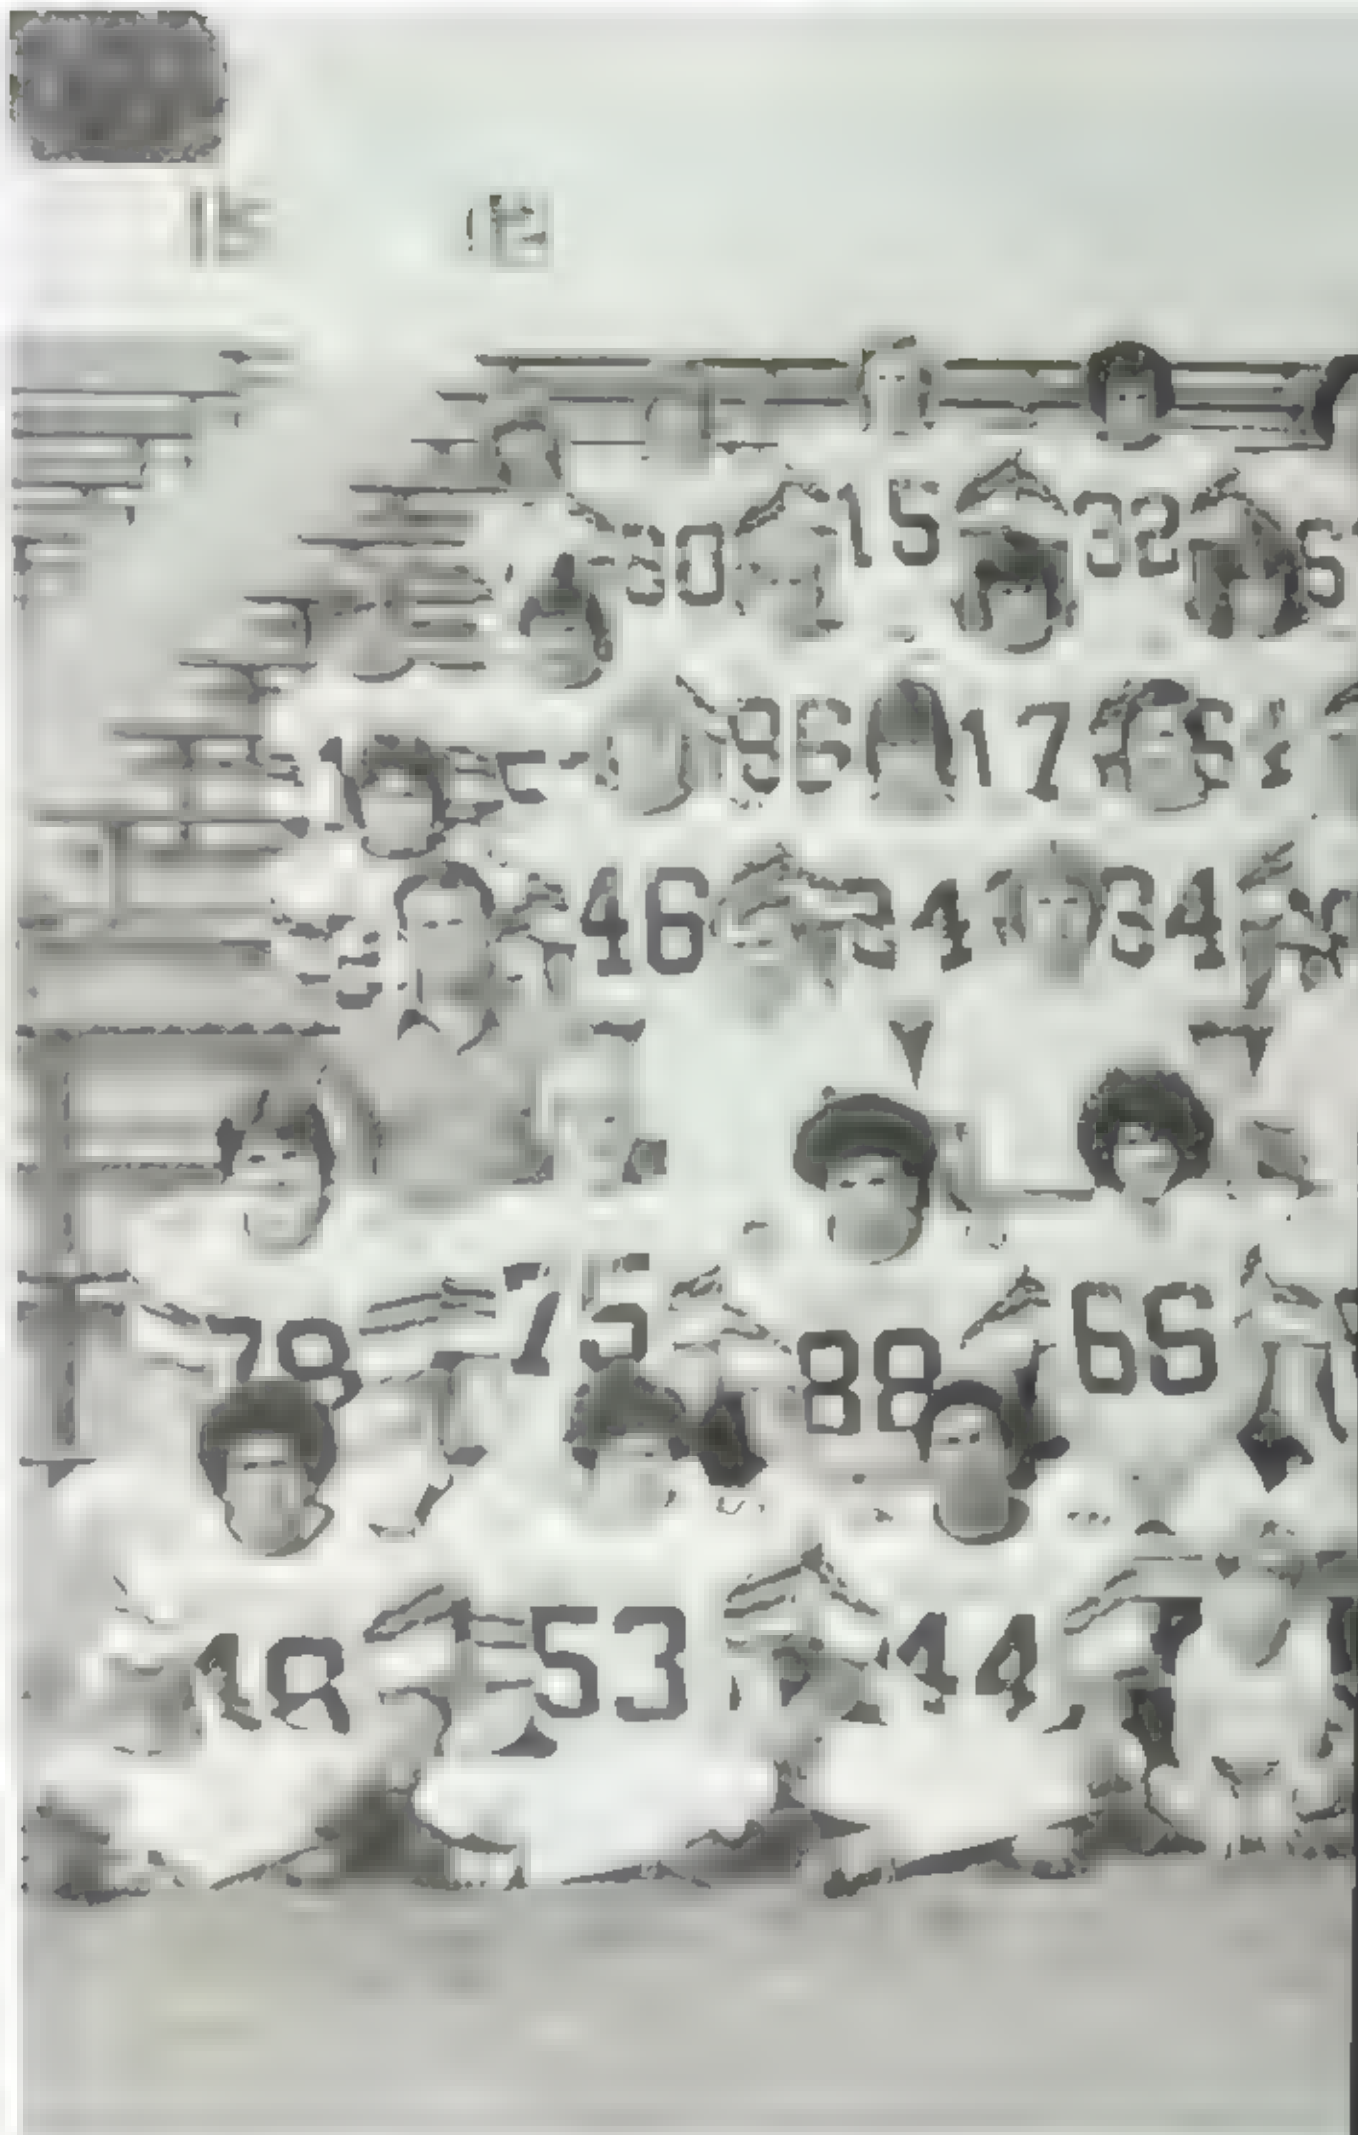

Their goal was to "break the streak." There they were every week, 30 boys, clinging to the hope that they might bring victory to MHS once again. There they were in the cold, as at the Howland game, and in fever rain as at the Girard and Struthers games. They were there--fighting. They may have been small in size and number but they were great. They knew it would be rough but they were there--fighting. They may have been overcome with losses but they were not defeated, for PRIDE still reigns at MHS.

We Never Give In

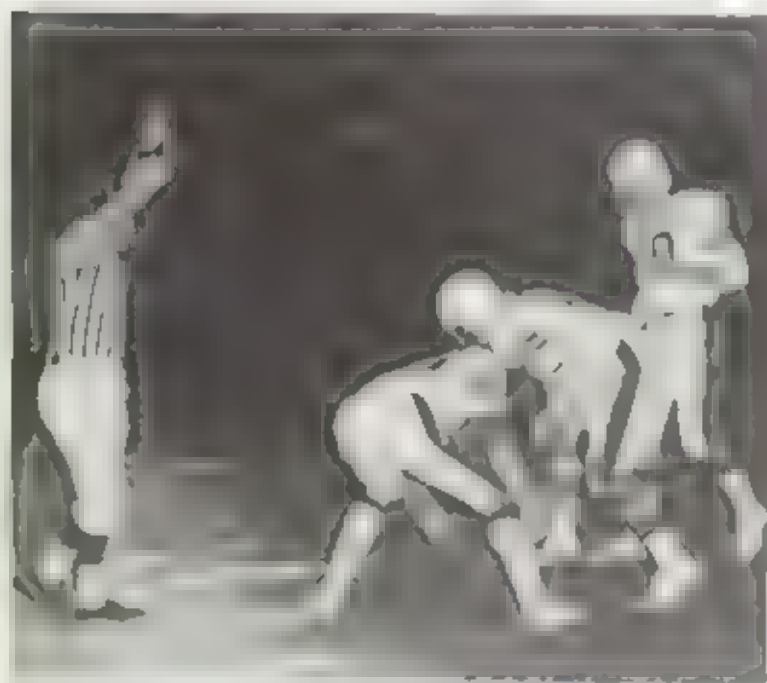

The season was not a total loss. We proved Campbell is tough to our opponents. We also proved that Campbell pride is stronger than ever, by the earthshattering assemblies this fall. The tremendous tackling job of Seniors Ed Ostrowski, Gary Zornyak and Mark Hudak before injury will not be forgotten as well as the greatness of Center George Mastrovaselis and Guard George Desptorich.

This year a new addition to the M. H. S. coaching staff has been made. Mr. Dom Daltorio, a former basketball star himself, is now the head coach of our basketball team. As the season began he found himself faced with more than the usual problems confronting all coaches. In addition to having to form a team and getting it into shape, he had to find somewhere to practice. Because of the closing of our schools, he and the boys were forced to travel approximately 900 miles to various gyms in order to practice. Things did not come easy for this year's team.

Many long hours of hard work were put in during the school closing and when school reopened. High point scorer for the team was senior Peggy Johnson, followed by senior Donna Mingo and junior Roberta Kish. Leading in rebounds were sophomore Tanya Corbett and senior Michele Dintino. BICENTENNIAL

In celebration of our country's Bicentennial all students and clubs were asked to create activities pertaining to it.

For example, the English Department assigned students to write essays on the Bicentennial, the Art classes were asked to design posters as were some History classes.

Students Catch The Bicentennial Spirit

The winners of the Bicentennial essay contest were: POA 1--Francis Zuzga, 9th grade, James Roguski, 10th grade, POA 2--Diane Brace-Lino, 11th grade, and Monica Mraz, 12 grade.

To get the students into the Bicentennial spirit, an essay contest, sponsored by the P.T.A., was held. There were four winners, one from each grade, Senior--Monica Mraz, Junior--Diane Brace-Lino, Sophomore--Jim Roguski, Freshman--Francis Zuzga. On February 12, a Founders Day Dinner was held in order to honor the winners.

Jim's essay dealt with America's past and future.

Exhibits of elementary school student's art work were on display at the dinner.

P.T.A. President, Lena Beradino, presents the winners with their savings bonds.

In celebration with the Bicentennial, the Red and Black Drama Club presented a bicentennial play showing the importance of the American family.

Patriotism Expressed Through Art

The art classes were asked to produce an original design for a flag. Making the selection was quite difficult, but a winner was finally chosen. The flag designed by Mike Pollice, a sophomore attained the prize.

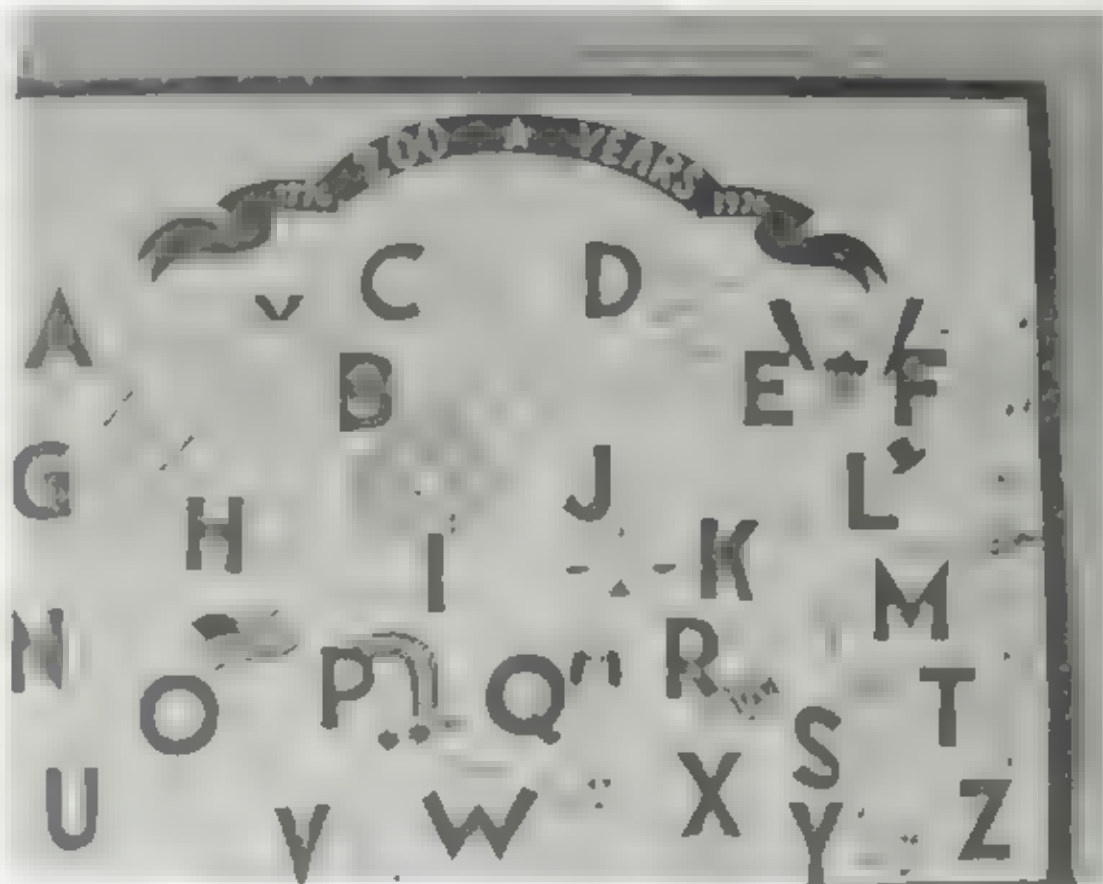

On the request of the Campbell Branch Library, eight students worked together to create a beautiful mural depicting the history of our city. Diane Bracolino and Diane DeArmond are responsible for the drawing and painting of the immigrants; Tina Frangos and Michelle Parnell, the early town during a strike; Cathy Carano, the development of athletics; Annette Detunno and Joyce West, the churches; Cindy Vuksta and Miss Spirtos, the Sheet and Tube.

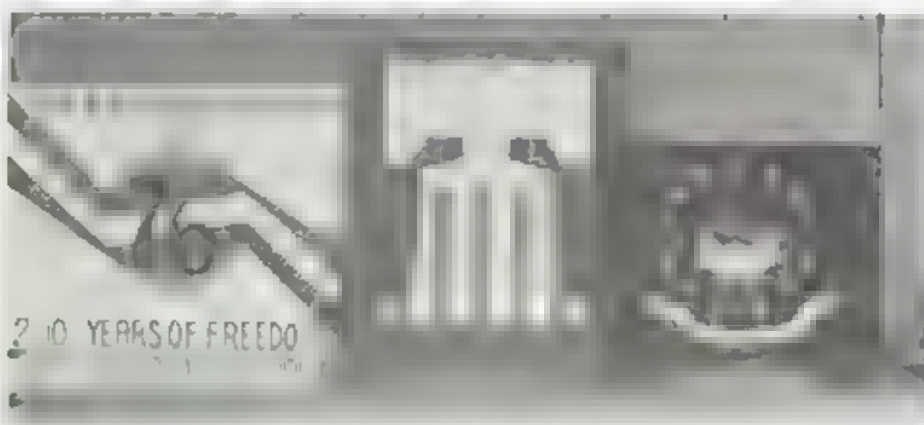

This beautiful mural, created by the art department, was displayed at the Youngstown Main Branch Library and is now hanging at the Campbell Library.

Mike Pollice holds his winning poster.

This poster offers a bicentennial version of the alphabet.

American ideals were captured in these posters.

Students expressed pride in being Americans.

Much detailed worked contributed to this project.

Kevin Tirpack helps out.

The mural nearing completion.

This year the N.H.S. formed a bicentennial committee. The Chairmen Tina Frangos and Donna Shepelevich worked with the committee to create truly worthwhile projects. Bicentennial posters were drawn and hung in the halls. Their greatest project was the painting of a mural which covered the entire facing wall of the front foyer of CMHS. The theme was; "Dedicated to those who fought for our nations freedom." Unfortunately a photo of the finished product could not be put in the Reveler.

This minuteman is almost ready for action.

Large boxes,
Can not store,
the times we're spending.
Photographs,
Can not record,
the laughs we shared.
Time,
Can not hold back,
the life we wish not to leave.
Age,
Can not wait,
to make us 18 at any time.
Graduation,
Can not be passed,
to have us remain Seniors.
The world,
Can not find patience,
in seating us for temporary careers.

It's time to move on,
Pack your bags,
Make sure they're locked,
Old relics are often lost.
